

Neighbourhood Watch in Ku-ring-gai and Hornsby

eNewsletter #374 - 11 December 2018

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the [Ku-ring-gai LAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

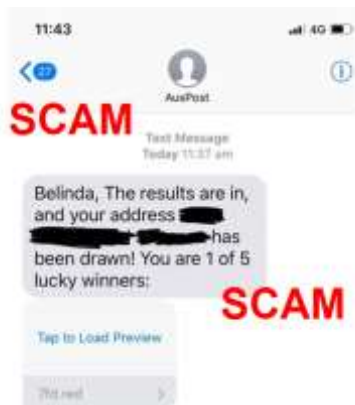

📧 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.

📧 Please feel free to [share/forward this eNewsletter](#) with your friends, family, colleagues and neighbours.

10 December, from NSW Police: Australia Post is advising of a text message scam telling people that they are 1 of 5 lucky winners.

Clicking the link takes you to a survey that asks for your bank details at the end. Needless to say, the only thing this scam delivers is a reduced bank balance. Delete immediately. [Info here](#).

10 December, from Little Blue Dinosaur: Did you know....

Road accidents kill someone every 24 seconds and is the leading cause of death of children and young people aged 5 to 29 years as recently reported by the World Health Organisation. This is a global crisis and the cause of an incredible amount of devastation and sadness 🤔 in our world. In Australia, there are between 1200-1300 people killed on our roads annually and 40,000 people injured. The cost of this is alleged to be \$30bn annually according to the Australasian College of Road Safety which is now more than our defence force budget. 07 December, from Traffic & Highway Patrol command: When driving on the roads, Police regularly come across drivers who believe it is acceptable to accelerate in order to enter an intersection prior to the lights changing to red.

Be aware, the penalty for failing to stop at a yellow (amber) light if it is safe to do so is the same as if you went through an intersection showing a red light. The penalty is \$448 and 3 demerit points. Commit this offence in a School Zone and it will cost you \$561 and 4 demerit points.

10 Yellow traffic lights

A yellow (amber) traffic light or arrow means stop. A driver approaching traffic lights showing a yellow traffic light must stop if the driver can stop safely before reaching the stop line or traffic lights. Penalties apply for drivers who fail to stop at a yellow light, unless it is unsafe to do so.

General

Red means stop. Wait behind the stop line. Do not go through the intersection.

Yellow (amber) means stop. You can enter the intersection if you are so close that sudden braking might cause a crash.

Green means proceed through the intersection carefully.

If you get an automated call claiming to be from the NBN and warning your phone/internet will be disconnected in 24 hrs, do not press 1 to go through to a technician. This is a scam. GALSTON Bongs and other drug paraphernalia were found near a bushfire close to Hayes Oval on Monday. Fire crews put out the blaze which was about 10m x 6m on a fire trail not far from the oval. The fire was reported about 10.20am. Police are asking residents to report suspicious behaviour.

BEROWRA A white Toyota Land Cruiser has been stolen from a mechanic shop on Berowra Waters Rd despite not having a gear box. The four-wheel drive was stolen between 9.15pm on Friday and 7.15am on Saturday. Police believe it was stolen on a tow truck or trailer because the gear box had been removed before the theft.

WAHROONGA A freight liner truck has been destroyed after it caught fire on the Pacific Highway on Monday night resulting in traffic delays. The driver pulled over about 100m north of Pennant Hills Rd after smoke started to enter the cabin. Flames started to come from the motor and the driver unsuccessfully tried to detach the trailer. Fire crews were called about 7pm and put out the fire but the truck was destroyed in the blaze. All lanes northbound were blocked during the fire but were reopened at 7.27pm.

NORMANHURST A fire in the bedroom of a Normanhurst Rd property was put out by residents last Wednesday. About 5pm, residents smelt smoke and found a fire in the rear bedroom. A hose was used to put out the flames before emergency services arrived. The fire was believed to have started from an electrical problem in a computer tower underneath one of the beds. The room was partially destroyed.

HORNSBY A 26-year-old Hornsby man could face assault charges after being thrown out of The Hornsby Inn on Saturday night before returning and allegedly assaulting a staff member. The man was refused a drink about 6pm and was told

to leave after other customers complained of his behaviour. He returned about an hour and half later and allegedly attacked a staff member behind the bar, who refused to sell him a drink. He was kicked out of the venue a second time. Security passed on his details to police who are investigating the incident.

MT KURING-GAI A stolen Mercedes has been destroyed after it was found ablaze on Wirrinda Rd on Saturday night. The vehicle had been stolen earlier that day from a property at Greystanes. Emergency services were called to the car fire about 10.30pm and the Mercedes was completely destroyed in the blaze.

BEROWRA Fire crews put out a small grass fire on Sunday which may have been started by a cigarette butt being thrown out of a passing car on the M1 Motorway. Berowra Rural Fire Brigade was quickly on the scene and put out the fire about 2.50pm. Police have reminded people to be aware of the high fire risk.

Police were notified and observed that the seller's website was well documented as a scam online and that the site was hosted in Russia.

[Page 37]: KU-RING-GAI Parking plan KU-RING-GAI Council has prepared a strategy on managing local parking demand which is on public exhibition for comment until Thursday, December 13. The strategy has been developed in response to increasing parking congestion across Lindfield, Turramurra, St Ives, Roseville, Gordon and Pymble. Parking audits in the six centres revealed over stayers in time-restricted car parks were between 15 per cent and 25 per cent, decreasing turnover and availability of carparking spaces for shoppers and business visitors. The strategy can be viewed at Gordon Library or the customer service centre at Level 4, 818 Pacific Highway Gordon. Alternatively, visit the council's website, www.kmc.nsw.gov.au

10 December, from Hornsby Shire Council: Council acts on abandoned shopping trolleys [edited]

Hornsby Shire Council has taken decisive action to solve the problem of abandoned shopping trolleys, collecting more than 450 trolleys from the streets of Hornsby last night. "This was our last resort and it is unfortunate it has come to this, but something had to be done," Hornsby Shire Mayor Philip Ruddock said. "We have spent more than two years negotiating with the supermarkets and other corporations who have allowed these trolleys to litter our streets, but unfortunately the talks have not resulted in any change. "Westfield and its retailers have agreed to install wheel-locking mechanisms on their trolleys, yet nothing has been done." The trolleys are currently at Council's depot and the retailers will be able to collect them once the appropriate fees have been paid.
