

Neighbourhood Watch in Ku-ring-gai and Hornsby

eNewsletter #434 - 04 February 2020

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the [Ku-ring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

🚗 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.

🚗 Please feel free to [share/forward this eNewsletter](#) with your friends, family, colleagues and neighbours.

02 February, from NSW Police Force: NOVEL CORONAVIRUS INFORMATION FROM NSW HEALTH (Also available in Chinese and other languages on NSW Health webpage, Weibo and WeChat)

The NSW State Emergency Operations Controller would like to share this Public Health information with you.

If you arrived in Australia after 1 February after travelling to, or transiting through, mainland China (excluding Hong Kong, Macau and Taiwan) you must isolate yourself at home for 14 days after you left China. If you are sharing the home with others, as much as possible, you should stay in a different room from other people or be separated as much as possible. Wear a surgical mask when you are in the same room as another person and when seeking medical care. Use a separate bathroom, if available. Make sure that you do not share a room with people who are at risk of severe disease, such as elderly people and those who have heart, lung or kidney conditions, and diabetes. Visitors who do not have an essential need to be in the home should not visit while you are in quarantine. Other members of the household are not required to be isolated unless they have also traveled to, or transit through mainland China, arrived in Australia after 1 February after travel to, or are a contact of a case. You should restrict activities outside your home/hotel, except for seeking medical care. You should not go to work, school, or public areas, and you should not use public transportation, taxis or ride-sharing services.

When in quarantine, you should monitor yourself for symptoms. Watch for:

- * fever
- * cough

- * shortness of breath (difficulty breathing)

other early symptoms to watch for are chills, body aches, sore throat, headache and runny nose, muscle pain or diarrhoea.

If you develop symptoms and it is a medical emergency (e.g. shortness of breath at rest or difficulty breathing) you should call 000. Alert ambulance staff of your travel/contact history. If you develop symptoms that are not an emergency, you should call your doctor, or your local Emergency Department or Healthdirect on 1800 022 222. Tell the person when you call that you have been in mainland China. Call ahead before visiting a doctor or emergency department to ensure your health facility visit is managed safely.

More detailed information is available from www.health.nsw.gov.au including Chinese translations. Messages has also been posted to Chinese social media sites Weibo and WeChat.

04 February, from Galston, Glenorie, Arcadia & Dural: Remember the 4WD that was stolen and crashed?

We had good news on Saturday: Hey he got his landcruiser back. There's so much missing:

Darce swag

Darche stretcher

Picnic blanket

Pen knife

Gopro hero 3 I think it was

Dash cam

Doctors certificate

The forensics even left the Gatorade bong in there. Insurance have the vehicle now as they had to do a sharps search/test.

His darche stretcher and tartan picnic blanket was seen at Cherrybrook duck park opposite the Caltex the Sunday after it was stolen. I saw the msg Thursday but the items disappeared on the Wednesday so I just missed them 😊 Someone has them. If they do, they're a part of a police investigation and need to be handed in for evidence. Someone out there is holding items that they probably don't even realise they can get in trouble for if they don't return them.

I'm just gathering photos of his items...

My Brother finally has his 80 back.
There's a huge amount missing.
If you see or know of anyone that
may have the following items
please DM me.

04 February, from Glaston, Glenorie, Arcadia & Dural: Two warnings received.

Hi there, This morning we found our cars (all 4) unlocked, with glove box departments open. Things were moved around in the garage - so far we haven't noticed anything missing, which is strange? Figure it might be someone on foot looking for smaller valuables. We are located on Wylds Rd, Glenorie. Not sure how many people were responsible or what time. Just thought I'd report in case similar things are happening to other houses in the area?

Hi! Just thought I'd let you know that we had all four of my car tyres slashed overnight in the external Aldi Galston carpark. Went in to Aldi this am to obtain security footage and the manager said this is not the first occurrence in their carpark. Very expensive repair job due to delinquent vandalism. Shame there are people in our area who think it's okay to do this! Tyre slashing occurred between the hours of 9:30pm-7:30am.

And in the comments:

- I live on Wylds Road as well and got my tools stolen from my garage on the 15/1/20 around 2am.

- May I ask where in Wylds Road approx as we think someone may have entered our property last night around 9-10pm? We are in Arrunga, a stones throw from Wylds Road.

03 February: Police have released CCTV of a man and his dog after a series of thefts at train stations in Sydney's north-west.

About 3.19am on Saturday 4 May 2019, a man with a small black dog broke into a vending machine containing portable chargers and accessories, at West Ryde Train Station. The man damaged the machine and stole items, including earphones, an adapter and chargers.

In a separate incident about 3.48am on Tuesday 18 June 2019, at Rhodes Train Station, police believe the same man with the same dog gained entry to a section of another vending machine selling electrical items. The man damaged the machine, but nothing was stolen.

About 12.11am on Wednesday 2 October 2019, police allege the man with the dog accessed another vending machine at West Ryde Train Station and stole three sim cards. Two hours later at the same station, the man forced entry into another section of the machine and stole earphones, charges and an adapter.

Ten days later about 2.30am (Wednesday 29 October 2019) at Rhodes Train Station, the man with the dog is alleged to have broken into the bottom of another vending machine selling electrical items, stealing cash.

Anyone with information about any of these incidents is urged to contact **Police Transport Command North Central on 9215 6899 or Crime Stoppers on 1800**

27 January, shared from the "St Ives Community Page": Lock your front doors day and night!!!

Last night at around 10pm, we were sitting in our lounge watching the tennis. All of a sudden our 'yappy' dog starts barking like mad from the stairs. My son gets up to see what the dog is barking at, and sees someone run out the front door with the handbags that hung over our stair banister!! They brazenly walked into our house and ran off with our things. My son and father took chase, and as they ran off a car came racing down our road and zoomed off. We have the license number, we got in the car and chased after who we thought was the car. My dad and son then went to the police station, and the police have come this morning to take fingerprints and statements, and to look at our neighbors CCTV to see if we can get anything off there.

These people are brazen! They walk into houses whilst we're sitting right there. Please don't assume that our neighborhood is one where you can have an open door policy... times are changing! Lock up! Stay safe!

And in the comments from another share: My laptop was stolen from my dining table not long ago. They climbed through a side window and left the fly screen off. We were all out in the garden- in broad daylight! Moree St, Gordon.

One day a farmer wrote to his son in prison, "Son I won't be able to plant my potatoes this year because I can't dig the holes. I know if you were here, you'd help me." The son sent a reply, "don't even think about diggin them holes pop, cuz that's where I hid the money." The police read the letter, and went to the field and dug all over but never found the money. The next day the son sent another letter, "there pop, plant your seeds. That's the best I can do without being there."
