

Neighbourhood Watch in Ku-ring-gai and Hornsby

eNewsletter #441 - 24 March 2020

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in Ku-ring-gai and Hornsby council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the [Ku-ring-gai PAC Facebook page](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!").

🚗 Have you seen anything we should share with the community? [Please email](#) our NHW in Ku-ring-gai & Hornsby volunteers. We do value your contributions. Thank you for your support.

🚗 Please feel free to [share/forward this eNewsletter](#) with your friends, family, colleagues and neighbours.

23 March, from NSW Police Force: Police are urging the community to remain vigilant and ensure they comply with orders and directions aimed at reducing the spread of COVID-19.

Following the Commonwealth Government's announcement that it is a requirement for all entrants to Australia, including returning travellers, to self-isolate for 14 days, NSW Health and the NSW Police Force are working together to ensure risks to the community are minimised.

The community has been very responsive to public health information and the government's recent direction to self-isolate and the vast majority of people have done the right thing and complied with the Public Health Order.

The Public Health Act 2010 (NSW) provides NSW Police with the power to enforce public health orders. It is an offence for a person to fail to comply with an order.

As part of the NSW Police Force's commitment to the safety of the NSW community, Crime Stoppers now has a reporting option to take information from the public about anyone not complying with Public Health Orders.

Your information will be treated confidentially.

23 March, from PCYC Hornsby / Ku-ring-gai

Following last night's announcement by Prime Minister Scott Morrison, PCYC NSW will be temporarily suspending services at all of our clubs until further notice. Selected Police programs, as well as before and after school care, and vacation care are still operating.

Indoor venues such as clubs, places of worship, indoor sporting venues, as well as dine-in food at restaurants and cafes, will close by midday today (Monday, 23 March 2020) as the Federal Government's Stage 1 restrictions on large gatherings

comes into effect amid the coronavirus pandemic.

This situation is unprecedented, emerging and constantly changing. As with many other challenges in life, and particularly as Australians, we know the human spirit will prevail. We are confident that given the culture of service, goodwill and positivity that underpins the success of PCYC NSW we will all get through this.

Please message us via Facebook if you need more information. Watch this space for updates.

22 March, from Police Association of NSW

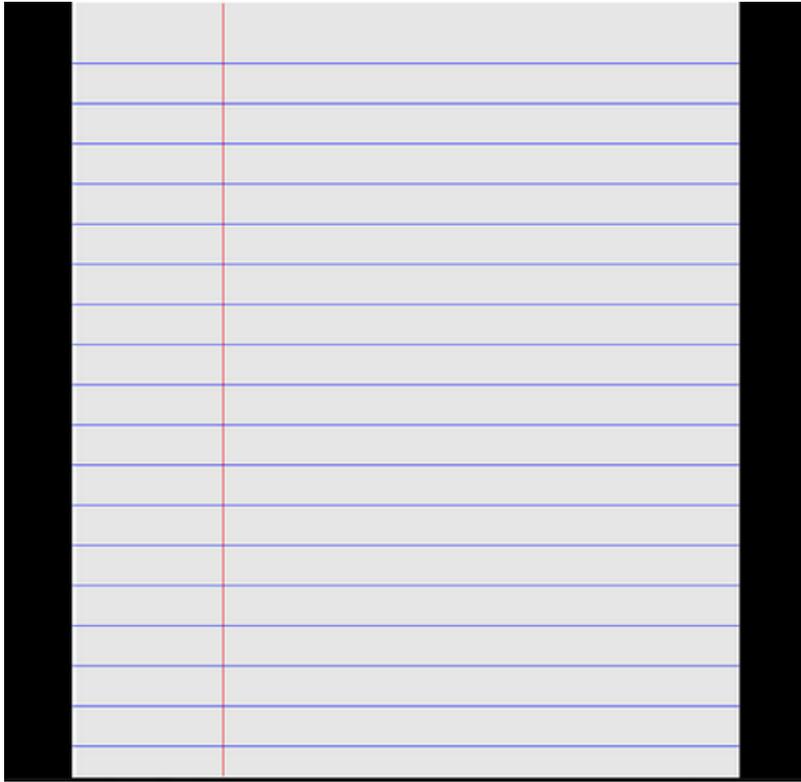

SELFLESS & HEROIC POLICING WORK is what our members do, and in return they deserve to have their service, their sacrifices and their professionalism recognised.

In the midst of the COVID-19 crisis there will be hundreds upon thousands of times when they are not just the front line, but the last line. There will be countless situations where the public of NSW have only the thin blue line to count on.

The police officers of NSW take risks above and beyond the call of duty to keep NSW communities safe. Just as they give you their trust and support. they need your trust and support too.

20 March, from Kuring Gai Police Area Command

This past week has been a real mix of posts which included the tragic truck crash on the M1, unruly behaviour of some members of the community, the vulnerability of the elderly in our community, scams, break and enters, stealing from motor vehicles, arrests, some police trivia, and seeing some of your comments, it shows you feel the same frustrations as ourselves in regards to the current COVID-19 situation and the toilet paper stupidity.

We try to bring to you a mix of important, interesting and informative posts with a little bit of humour thrown in for fun.

So let's end our week on a slightly lighter note - our Friday funny!

Hornsby police are investigating the theft of a pellet load of New Zealand chickens from two local chicken shops.

When asked where the police were at with the investigation, a spokesperson said, "We're taking this very seriously and are combing through all the evidence and are definitely not taking this as a yolk. After scratching around the evidence gathered, we strongly suspect fowl play is at hand but hope to have the case cracked by next Fry-day".

Have a great and safe weekend 😊

20 March, from Kuring Gai Police Area Command

A TROUBLING NEW SCAM TARGETING OUR COMMUNITY AND OUR ELDERLY!

THIS OCCURRED IN KU-RING-GAI COMMAND THIS MONTH - MARCH 2020.

THE CRIMINAL'S INTENTION IS: To play on the shock and emotion of the Victim!

METHODOLOGY:

1. The Victim receives a phone call from someone (Criminal), claiming to be from their bank stating that money from the Victim's account had been sent to South Africa and was this her who made the transaction? Victim replies that it is a fraudulent transaction.

VICTIM EMOTION: The victim thinks, oh, that's great service from my bank to contact me like this.

2. The Criminal then tells the Victim that they need to send a bank representative around to the victim's home to collect the compromised card/s and to issue new card/s to the victim and asks the victim for their home address.

VICTIM EMOTION: The victim thinks, how nice of them to do this for me. What professional and quick service.

3. Another criminal attends the home address of the victim, gives her new card/s and collects the compromised card/s along with the PINs.

VICTIM EMOTION: Relief - The Victim believes the matter is over.

In the case that has just been reported to police, over the following week of the incident, the elderly victim has had \$15,000 stolen from her account.

The bank will NEVER send someone around to your home to pick up credit cards and replace them with new ones.

And NEVER give out your address to any person you don't know or trust.

Please share this with your family and friends.

20 March, Ku-ring-gai Police Area Command's - Week in Review:

A 14 year old youth from Wahroonga came to notice this week at Westfield Hornsby where she was observed to shoplift confectionary from a supermarket. She was stopped after exiting the store and searched where an amount of Cannabis was located in her hand bag. She was charged with Shoplifting and Possess prohibited drug. She will appear at court early next month and remains on conditional bail.

A 16 year old male from St Ives has attended a pizza store at Turramurra this week where he has approached the cash register whilst unattended and stole money from the till. He has then run from the location, however, was located a short time later by police in a nearby street. The youth was charged with Larceny and remains on conditional bail until he appears at court next month.

A 19 year old male from Pennant Hills was observed to steal a bottle of bourbon from a liquor shop at Westfield Hornsby on two separate occasions by concealing the bottle down the front of his pants. Unfortunately for him during one of the offences he has dropped his identification on his way out of the store. This allowed police to identify the male and arrest him. He was charged with Shoplifting x 2.

A 37 year old male from Berowra Heights came to police attention after he was seen driving erratically around along the Pacific Hwy, Mount Kuring-gai where his vehicle made numerous contact with both moving and stationary parked vehicles. The male exited his vehicle at a premises in Berowra Heights where police attended to the male who appeared under the influence of alcohol. Further checks revealed he had been stopped by police earlier that day for a RBT where he returned a positive reading of 0.153. Due to the high range reading, his licence was suspended on the spot and a Notice of Suspension issued to him. Unbeknown

to police, the male continued to drive and as a consequence was caught and charged with 8 further offences including Negligent driving x3, Drive vehicle under the influence of alcohol and Drive motor vehicle whilst licence suspended. He was given conditional bail which prohibits him from driving or occupying the drivers seat of any vehicle and will face court in May.

A 45 year old female from Normanhurst has attended Thornleigh Marketplace shopping centre where she has entered a liquor shop and stolen a bottle of wine despite being banned from the location. The female was later located at Turrumurra RWS in an intoxicated state where a search located three further bottles of wine suspected to have been stolen from a supermarket also at Thornleigh Marketplace. A Criminal Infringement Notice will be issued to the female with a second one pending the identification of the source of the three bottles of wine.

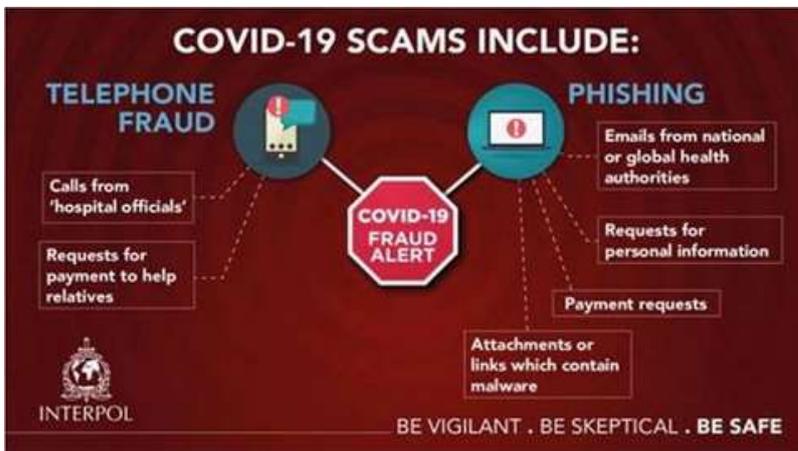

20 March, from Kuring Gai Police Area Command

It has come to our attention this morning that some of our elderly folk have misunderstood that the early bird shopping is designed for the elderly and vulnerable exclusively, to give them the best chance to purchase the basics that some of the community vultures have been ravishing of late.

With all the talk of self-isolation, limiting numbers of people gathered in one place at a time and banning people from attending many events, some have become confused and thought that the only time they could shop was between 7 and 8 in the mornings and that they were not permitted to shop at any other time.

As you know, this is not the case. Please, if you have an elderly neighbour, just check in on them and ensure they are doing ok. Make sure they are not missing out due to a simple misunderstanding.

19 March, from Crime Stoppers NSW

My neighbour found a young man sitting almost hidden by a hedge in our street 6ish last night. Black hoodie, Beats headphones, shaved head. Sitting there drinking and watching the street. She parked and came down her drive to confront him and he sprinted up the hill and around the corner. We are a very small street

with 6 houses. Azalea Gardens. Be alert!

Important. Stay at home people, cook at home, don't socialise with others at home now. A wedding a weekend ago has already infected 35 people so far. Symptoms didn't come for a week...from one person...stay home. It's a short time to flatten the curve. But we need to do this

An X-ray of a young British woman's catastrophic hip injury is shocking thousands of people. Police hope that publicizing the image will deter others from making the same mistake as the injured woman; resting feet on a vehicle dashboard could have similarly devastating results.

Absolutely horrifying.

The importation of firearm parts and dangerous weapons is a serious offence, because these weapons pose a real threat to the community. The AFP is committed to keeping the community safe, and will continue to work closely with our law enforcement partners to disrupt the importation of illegal firearms or parts, and lay criminal charges where appropriate.

As a result of further forensic examination, 37 more charges have been brought against a 44-year-old Berowra man who faced court in August last year after allegedly importing firearm parts. These new charges mean the man will now face 40 charges related to his alleged actions.

19 March, from NSW Police Force

Detectives have charged four men allegedly involved in a drug supply syndicate on Sydney's North Shore.

In January 2020, Strike Force Tongaboo was established to investigate the supply of heroin in the area.

At 6:50am yesterday (Wednesday 18 March), officers from North Shore Police Area Command and South West Metropolitan Region executed search warrants at three units on Barton Road, Artarmon, and another on Helen Street, Lane Cove. About the same time, they arrested a 58-year-old man, who was walking along Hampton Road, Artarmon.

He was taken to Chatswood Police Station, where he was charged with four counts of supply prohibited drugs on an ongoing basis and deal with property proceeds of crime.

The man was refused bail and is due to appear in Hornsby Local Court today (Thursday 19 March 2020).

During the search of a unit on Barton Road, Artarmon, detectives arrested a 63-year-old man, before taking him to Chatswood Police Station, where he was charged with drug supply.

He was granted conditional bail and is due to appear in Hornsby Local Court on Wednesday 8 April 2020.

A 56-year-old man was also arrested, during the search on Helen Street, Lane Cove, and taken to Chatswood Police Station, where he was charged with supply

prohibited drugs on an ongoing basis.

He was refused bail and is due to appear at Hornsby Local Court today (Thursday 19 March 2020).

He was charged with supply prohibited drug and was refused bail, to appear in Burwood Local Court on Wednesday 1 April 2020.
