

Kuring Gai Police Local Area Command (LAC)

Newsletter # 110 - 04 November 2013

This email is compiled by Neighbourhood Watch volunteers as a service for residents in the Kuring Gai Police Local Area Command (LAC), which includes the Hornsby and Ku-ring-gai areas. Anyone may join our distribution list by emailing: NHWGordon@gmail.com.

Each weekly update includes a selection of 'posts' from the Kuring Gai LAC facebook page (also known as 'eyewatch'). One important post on the Monday is the Media Release from our Crime Prevention Officer.

We add to this all the other stuff we find interesting from a Neighbourhood Watch point-of-view. It could be local newspaper articles, roadwork warnings, crime prevention tips, Neighbourhood Watch meetings and relevant tit-bits gleaned from residents, or other Commands. Have you seen anything we should share with the community?

31 October: Halloweeeeeeeeeeeeeeeeeeeeeeeeeeeeen is here.

Here are some safety tips for you and your children to make this as safe as possible.

Simple tricks to have a ghoulishly good #Halloween #playsafestaysafe

Police have issued tips to help children play safe and stay safe as goblins fill the streets over Halloween. Commander of Operational Programs, Chief Superintendent Bradley Shepherd said with trick-or-treating becoming a more celebrated activity each year it is important parents follow some simple guidelines to ensure their children's safety.

“We recommend that parents accompany their children when they are visiting houses and, where possible, visit homes of families or neighbours who you’re familiar with,” Superintendent Shepherd said. “It’s important to recognise and respect the fact that not everyone celebrates Halloween – stick to houses which have decorations. It’s safest for kids to trick-or-treat in daylight and for them to stay together in groups. Younger children should be supervised by a parent or young adult. The prospect of dressing up and eating lollies is sure to excite and distract, so it’s vitally important extra care is taken around driveways and that they stick to the footpath.” Superintendent Shepherd added that Halloween is a great opportunity for parents to be reminded of summer safety guidelines. “Halloween traditionally heralds the ‘darker half’ of the year, but in Australia the jack-o’-lanterns come out near the start of summer. If you’re a parent who will be going trick-or-treating with your children, make sure your house is securely locked and turn on security devices. Also, don’t leave pets in vehicles – the temperature inside a car can double in a matter of minutes.”

Make Halloween a treat with these takeaway tips for kids:

- Carry a mobile phone when trick-or-treating in case you need to make a phone call.
- Wear light coloured clothing so you can be easily seen.
- Don’t get into vehicles with people you don’t know.
- Don’t enter a stranger’s home, even if they invite you.
- Don’t jaywalk and only cross at designated lights and crossings.
- Stick to familiar well-lit areas and don’t take short cuts.
- Tell people where you are going and what time you will be home.
- Stay together with your friends.
- Keep pranks good-natured, safe, and legal.
- Call Triple Zero (000) in the event of an emergency or life threatening situation.

30 October: Kissing Point Road, Turramurra is currently closed between Boyd

Ave and Catalpa Cres due to an accident involving a car and a bicycle at 8.10am. Local diversions are in place whilst police conduct investigations.

Unfortunately, as a result of this accident, the male push bike rider has now passed away. Our sympathies and thoughts go out to his family, witnesses to the accident and emergency responders who tried to save the life of the rider.

29 October: From the SES: Things are starting to get very busy across the Region as the severe weather starts to hit us. We have a few units already out completing jobs with more continuing to come in.

29 October: SCAM ALERT.

WOW they are persistent, Please look at the link into recent scams, These low life humans are targeting people again. Mainly the elderly where they prey on their vulnerability and isolation. Either via a cold phone call, or through an email. The scams involve telling the person they have a computer virus or similar. They then advise the computer can be 'cleaned' then requesting to either send money overseas via Western Union or depositing into a specific bank account. The other scam involves something like a tax refund or similar where the promised refund etc is usually a greater return for your 'minor' investment. Please be aware these do NOT stop happening, They raise their heads all the time but there has been a slight increase in reports recently. Please be warned and please warn others. If you have vulnerable or elderly people in your lives talk to them and let them know about this.

The Sydney Alliance is a diverse coalition of faith organisations, unions, community organisations and schools using community organising to make Sydney a better place to live and strengthen our civil society. We are a non-party political organisation.

Since founding in 2011 we have been bringing diverse people together in local areas to enable local congregations, community organisations, schools, union members and faith organisations to build relationships, identify local concerns and work together to solve them as a united civil society. At the start of 2013, we began building a district on the "North Shore". It's a broad area – stretching from Epping across to the Northern Beaches (to start).

Looks like new ramps for pushchairs and the disabled.

Looks like a new island or refuge? And there's a new shape to the junction (marked on the road to the right of that approaching car).

Another use for the Coles App? Report those abandoned shopping trolleys!

Select 'services' and 'trolley collector', then fill in the details and choose whether it's a Coles, 1st Choice, Bunnings, Kmart or Target trolley. The App automatically uses your GPS location to determine the address. Photo of trolley can be attached.

From the Hornsby Advocate 31 Oct:

A CYCLIST has died and a young learner- driver is assisting police after a man came off his bike and slid under an oncoming vehicle. At 7.55am on Wednesday, the man, 45, of Frenchs Forest, was riding as part of a pack of six cyclists on Kissing Point Rd at South Turramurra.

Ku-ring-gai police duty officer Inspector David Hogg said a driver began to reverse out of a driveway, which caused traffic to slow down.

“The cars were stopped to let the car reverse out,” Insp Hogg said. “The bike rider has come around the corner and swerved to avoid the cars. He crossed to the other side of the road, came off the bike and slid under a car, which was travelling in the opposite direction. He was going down the hill and has just slid right under the car going up the hill in the opposite direction,” Insp Hogg said.

Witnesses rushed to perform CPR on the man. A NSW Ambulance spokeswoman said the man had severe head trauma and had suffered cardiac arrest as a result of the accident. He was taken to Royal North Shore Hospital in a critical condition but died as a result of his injuries.

Police inquiries are continuing but Insp Hogg said at this stage they did not expect to lay any charges against the 17-year-old driver, from Carlingford.

“The driver and her supervisor were taken to Hornsby Hospital for mandatory blood and urine testing but that is just a standard procedure, and at this stage of inquiries

we believe the rider was at fault.”

Our Tip: Why not walk around the house with a video camera, recording the objects and contents in each room, opening each cupboard and each drawer to see inside? Include the shed, garage, garden ornaments, roof, cellar etc. In this manner you have a record of all your possessions, and an easy method of recalling what was in each room and where. It can assist with the annual job of reassessing the value of your contents insurance, or in the unfortunate event of a burglary.
