## **07 February, from Hornsby Shire Council: TRUCK FIRE CAUSED BY DANGEROUS WASTE IN BIN**

Hornsby Mayor Steve Russell has praised the quick-thinking of a recycling truck driver whose load caught fire last month and urged residents to be more careful about what they place in their bin.

On Tuesday 7 January the driver noticed smoke coming from the truck and found a safe location to tip the load out in the carpark of Headon Oval, Westleigh.

Fire brigade and Council officers arrived to control the scene and the fire was extinguished within two hours.

“Thanks to the quick action of the driver a dangerous situation was averted and he was able to escape without any injury to himself or damage to the truck”, Mayor Russell said. “However, five tonnes of recycling from around 400 bins had to be sent to landfill instead of being recycled. I’d like to thank the driver for his cool-headedness, the emergency services for their quick response and the local residents for understanding the delay caused to services that day. It’s impossible to say exactly what caused the blaze, but it’s clear that somebody from one of those 400 houses placed something dangerous in their bin. “We’re appealing to residents to think carefully when placing items in their bin, as it is all too easy for them to place the lives of the drivers at risk and cause significant damage to Council property”, Mayor Russell said.

Chemicals, paints, pesticides, chlorine, batteries, acids and fuels are among the dangerous items that should not be placed in bins.

For more information on the safe way to dispose of these items, click here: <http://www.hornsby.nsw.gov.au/property/waste-and-recycling/other-residential-services/hazardous-household-waste>

**07 February, from neighbouring Ryde command: Police are appealing for information after three children were approached at Ryde yesterday.**

About 2.50pm (Thursday 6 February 2014), three boys, aged 12, were walking along Charles Street when a blue Hyundai hatchback with red P- plates approached them.

Police have been told two young females in the car spoke to the boys and they ran towards Henry Street, where the car approached them again. One of the females attempted to film the children with a mobile phone, before driving from the scene. Police were contacted and investigations into the incident commenced.

Detectives attached to Ryde Local Area Command would like to speak to two females who may be able to assist with their inquiries. The first is described as being of Caucasian appearance, with black hair tied back and dark eye make-up. She was seen wearing a white t-shirt. The second is described as being of Caucasian appearance and with blonde hair tied back. She was seen wearing a white shirt with an emblem.

Anyone with information about this incident should call **Crime Stoppers on 1800 333 000** or use the Crime Stoppers online reporting page: <https://www1.police.nsw.gov.au/>. Information you provide will be treated in the strictest of confidence. We remind people they should not report crime

information via our Facebook and Twitter pages.

Meanwhile, the incident has again prompted police to encourage parents to discuss the '**Safe People, Safe Places**' messages with their children, including;

- Make sure your parents or another adult you know knows where you are at all times.
  
- Always walk straight home or to the place you are walking to. Walk near busier roads and streets, or use paths where there are lots of other people.
  
- Know where safe places are: a shop, service station, police station, library or school. If you are ever frightened, you should go to one of these places and ask them to call the police.
  
- Learn about safe adults you can look for and talk to if you need help: police officers, teachers at school, adults you know and trust.
  
- Don't talk to people you don't know and never get into a car with someone you don't know. If a car stops on the side of the road and you don't know the person inside, do not stop.
  
- If you are scared and can use a phone, call 000 and tell them you are scared.
  
- If someone tries to grab you, yell out, Go away, I don't know you!. This lets other people know you have been approached by someone you don't know.

#### DON'T MAKE YOUR CHILDREN FEAR US

“ Have you ever said to your young children “if you’re naughty the police will take you away”? Please don’t. If your children are lost and police are searching for them, they may hide from us thinking they are in trouble. Encourage your little ones to say hello to the police and come to us for help.

Point out police to your children and let them know if they get lost to find us. Make sure your kids know your name. When we ask they often say “mum”. Put your mobile phone number in their pocket and tell them to give it to the police if they get lost.

#### Drivers rewarded for keeping eyes on road and hands on wheel

MORE than 5000 motorists in Hornsby are being rewarded for years of safe driving. The NSW Government has announced 2783 female drivers and 2264 male drivers from Hornsby with unblemished records over the last five years. Those motorists will receive 50 per cent off the price of their drivers’ licence renewal under the Fair Go for Safe Drivers program. Hornsby state Liberal MP Matt Kean said slowing down on the roads could save lives “ and could save drivers

money.

“Dangerous, selfish and stupid behaviour on our roads kills or injures hundreds of people each year,” Mr Kean said. Under the incentive scheme, launched last July, drivers can save up to \$81 a year on licence renewals for one, three or five years.
