

# Kuring-gai NSW Police Local Area Command (LAC)

**eNewsletter # 199 - 03 August 2015**

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in the NSW Police Force Kuring-gai Local Area Command (LAC), which includes most of the Hornsby and Ku-ring-gai council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the Kuring Gai LAC Facebook page [click here](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!"). Have you seen anything we should share with the community? **[Click here](#)** to email Gordon NHW. We do value your contributions. Thank you for your support.

**03 August: [edited]** The family of missing woman, **Ursula Barwick**, have joined the NSW Police Force and Australian Federal Police at the launch of 2015 Missing Persons Week to appeal for information to help locate her.

Please see video, [click here](#).

Ursula Barwick, who was originally from Quirindi NSW, boarded a train at Tuggerah Railway Station, on the state's Central Coast, believed to be travelling to **Hornsby**, in late September 1987. She had not long celebrated her 17th birthday on Friday 14 August, and had told her family she was travelling to Hornsby to work in a bohemian retail store and to find accommodation. Her family had planned to visit her to bring the majority of her property and help her settle into her new home. However, Ursula has not made contact with family or friends since boarding the train at Tuggerah.

### **03 August: Two Children burnt by cooking oil at Berowra**

Police from Kuring-Gai LAC responded to a call to the **Berowra Community Markets** yesterday (Sun 2/8) afternoon reporting that two children had been burnt by boiling oil. Witnesses told officers a deep fryer containing more than 5 litres of cooking oil fell from the table it was located upon in a stall at the markets being operated by the children's father. The children were laying on a blanket near the table when it has been reported a gust of wind has pushed the gazebo part of the stall into the table knocking the fryer onto the children, dousing the 9 yr old girl and her 5 yr old brother in hot oil. Both children suffered 2nd degree burns as a result, the little girl to her arms and legs, and young boy to his back and legs.

People present treated the children with water until Ambulance personnel arrived. The 5yr old boy was airlifted and his sister taken by Ambulance to Westmead

Childrens Hospital where both are expected to undergo surgery on Monday.

**02 August: [edited]** National Missing Persons Week 2015 began today to raise awareness of the issues and impacts surrounding missing persons. The annual campaign will continue until Saturday (8 August 2015), while the official launch involving the Australian Federal Police and NSW Police Force will take place tomorrow (Monday 3 August 2015) at Customs House, Circular Quay.

Police are renewing their appeals for information, as part of the week-long campaign, to help locate a couple who went missing from Sydney's North Shore more than 30 years ago. **Stephen Laphorne**, aged 21 at the time of his disappearance, was last seen leaving his home on Wyuna Ave at **West Pymble** with his girlfriend **Michelle Pope**, then aged 18, on 25 August, 1978. The pair was travelling in a lime green-coloured 1977 Bedford CF van, bearing registration 'SL710', and were believed to be travelling to Michelle's home in **Berowra**. The van also featured a four-inch dark green horizontal band along each side, chrome plated mag wheels and a 150cm aerial in the centre of the roof with a clip-on aerial above the driver's window.

The couple have not been seen or heard from since and their vehicle has never been located. Detectives from Kuring Gai Local Area Command are continuing their investigation into the circumstances surrounding the couple's disappearance, including the possibility they met with foul play.

**01 August, from the Hornsby Advocate: Driver walks away with minor injuries after truck rolls in Hornsby**

A TRUCK driver walked away with minor injuries after his truck rolled in Hornsby yesterday. Emergency services were called to Salisbury Rd about 11.15am where they found a tip truck with a dog trailer attached on its side. Police said the driver was able to remove himself from the truck with the assistance of emergency services. He was taken to Hornsby Hospital for a precautionary check-up. The truck's load, believed to be building waste material, was strewn across the roadway.

### **30 July, from the Hornsby Advocate: Elderly man loses \$3000 to dodgy tradesmen**

AN elderly man was robbed of more than \$3000 by dodgy tradesmen last

week. Police said the man was in the front yard of his property in **Willarong Rd, Mt Colah**, about 11am on Thursday when he was approached by two males. They told the man there were a number of tree branches on his roof that needed to be removed before damage was caused. They offered to do the job for \$150 but the man declined. However, after they persisted he eventually agreed. When he went to get the money the men followed him into the house. The man later found that he had between \$3000 and \$4000 missing and police believe a third person entered the home while the man was outside and grabbed the money.

One of the men is described as aged in his early 30s, caucasian with an Australian accent. They were driving a white ute.

“It’s a pretty low act,” Ku-ring-gai Local Area Command crime prevention officer

Paul Cleary said.  “They clearly targeted an elderly man.” Anyone with information is asked to call **Hornsby police on 9476 9799**.

# On any given night in Australia 1 in 200 people are homeless

## Who is homeless?

1 in 200 people are homeless on any given night. 17,845 are under 12 years old & 10,913 are 12 - 18 years old.

## Why are they homeless?

## Journey of homelessness

**Child**

- Dad and Mum fight alot.
- One night the police came and we had to go to a shelter.
- Mum tried to find a job and was really sad.
- We moved to a homeless shelter.
- The service helped Mum find a job, buy us school uniforms and books, even a desk so we could do homework.

**Teen**

- I fought with Mum all the time. She said I needed to behave or leave, so I left.
- I slept at friends houses for a couple of weeks.
- Each night I tried to find somewhere to stay. Sometimes it was at someone's house I'd never met and some nights on the street.
- I contacted a youth service.
- They helped with somewhere to stay, now I'm in my own place.

## What happens when you're homeless?

- Move Schools or stop going altogether
- Lose your friends and/or family
- Miss out on school uniforms, books, excursions
- You get sick
- You can get depressed/anxious
- You do whatever you can to survive

## How can you help? Step up to end homelessness!

## 29 July, from the North Shore Times: Police catch thousands of motorists who can't keep their hands off a mobile phone while driving

CLOSE to three Ku-ring-gai motorists are fined every day for using mobile phones while driving, almost double the number caught last year. An average of 54 drivers a month are nabbed in school zones across NSW. In the year to June 30, 34,673 people copped an infringement notice for texting or talking on mobiles while driving

in NSW. The number of drivers fined for this offence has dropped in NSW and Ku-ring-gai — from 52,700 and 1431 respectively in 2010-11. However, police are concerned about the rise in Ku-ring-gai from 589 drivers caught last year to 1059 this year.

**29 July, from the NRMA: TEST TIME: In what order do the vehicles go?**

1. Vehicle C, B, A and then D
2. Vehicle C, A, B and then D
3. Vehicle B, A, C and then D
4. Vehicle A, C, B and then D

**ANSWER:** Vehicle C would go first, vehicle A second, vehicle B third, and vehicle D last. Vehicles B and D are facing a give way sign; when a driver faces a give

way sign at an intersection they must give way to all other vehicles entering or approaching the intersection. Vehicles B and D must give way to vehicles A and C. Vehicle A is travelling on the terminating road at a T-intersection (the continuing road marked with broken white lines goes around the corner); a driver travelling on the terminating road at a T-intersection must give way to all vehicles on the continuing road (except those performing a U-turn). Vehicle A must give way to vehicle C.

### CRIME PREVENTION TIPS FROM THE ARCHIVES (23 April 2012):

**Quick Tip #6:** Security Lighting - Consider using light timers to turn these lights on/off when not at home.

**Quick Tip #7:** Home Alarm Systems - Always remember to regularly check the battery and test the system.

**Quick Tip #8:** Window Locks - If window locks are key operated, do not leave the keys in the locks. Thieves may break glass to unlock windows.

**Triple H 100.1 FM Community Radio Open Day** - 12noon - 3pm Saturday 08 August at 17/ 75 Pacific Highway, Waitara.

Triple H support Neighbourhood Watch (NHW) (Thank you, Triple H!). Your local Police Crime Prevention Officer, Snr Cst Paul Cleary is a regular on the third Wednesday of each month at 4pm, along with the coordinator of all the NHW groups within his command, Julia Eagles. They discuss with radio host, Cecilia Castle, the pertinent and current issues that have been reported in the eyewatch eNewsletter. If you can't receive Triple H on 100.1 FM where you live/work, you

can listen by streaming from their website, [click here](#). Tune in for Paul's Crime Prevention advice.

Last month Paul discussed **how you would know if a police officer was 'real'**, for instance if you are pulled over by an unmarked car, but with flashing lights.

**All police officers carry photo ID, a warrant card and badge.** The photo ID has name and number, photo and is signed by the Commissioner. An officer in a car will have a police radio, gun and handcuffs, even if in plain clothes. There will always be two officers in a car. The officer should introduce themselves with name, rank, station and the purpose for pulling you over. You will not be asked to get out of the car at this point. Paul suggests you lock the car. If needed, open the window to only the size of a fist.

Please email any questions or comments for Paul, [click here](#), and we will ensure he receives them. Maybe you'll get a mention on the next show?

#### **COMMUNITY SECURITY** (from Neighbourhood Watch Australasia - Dec 2010)

- Get to know your neighbours so you can tell if there is something unusual happening.
- Call **Hornsby Police Station on 9476 9799** if you see anything that doesn't look right.
- Look after your community including schools and local buildings. Report any damage or vandalism as soon as possible, particularly during school

holidays.

- Think about joining Neighbourhood Watch ([click here](#)).
- Say hello to your local police the next time you pass them at the local shops.

---

### **AND ANOTHER FROM THE ARCHIVES (30 April 2012):**

**Mobile Phone Serial Number:** A mobile can be deactivated or tracked via its **IMEI Number (International Mobile Equipment Identity Number)**. This can be accessed by typing in the five characters: \* # 0 6 # . A 15-digit code will appear on the screen. This number is unique to your handset. Write it down and keep it somewhere safe. If your phone is ever stolen, you can give your service provider this number and they can then block your handset. So even if the thief changes the SIM card, your phone will be totally useless. You probably won't get your mobile back, but at least you'll know that it is now useless for the thief! Alternatively, you could choose not to deactivate the mobile phone and instead to allow the Police to track it back to the criminal, because in these circumstances the Police can track phones down to a single building! This includes ipads, tablets etc.

### **From Ku-ring-gai Council: Important notice for pet owners**

The **Sydney North Regional Fox Baiting Program** will soon commence with the aim to protect native and threatened wildlife from fox predation. Foxoff poison baits (containing 1080) will be laid out between Monday 10 August to Sunday 30 August in sites throughout Ku-ring-gai including Sheldon Forest Pymble, Troon Creek Reserve and Rofe Park Turramurra, Moores Creek Reserve Roseville, Ku-ring-gai Creek Reserve, St Ives Tree Tip, Old She Oak Reserve, Surgeon White Reserve, Cowan Creek Reserve and Bradley Reserve.

1080 is lethal to dogs and cats and it is vital that owners do not let their pets enter these reserves between these dates. Warning signs will be displayed to notify the public about the program.

**From the Hornsby Advocate, 30 July:**

**BE AWARE OF SCAMMERS** Keep an eye out for scammers. Over recent years scammers operating as tree loppers have conned vulnerable citizens out of large sums of money for services that were not worth much or not done at all. Be on the lookout as they are active at the moment. To avoid being scammed never accept an offer of a service at the door or on the phone. If it seems like a good idea obtain a few quotes to compare. Always check on the licences and insurance that tradespeople must lawfully possess. Also support older relatives to make sound decisions in these cases. If in doubt call fair trading or the police. Detective Inspector Jon Gross

**MT KURING-GAI** An elderly woman was confronted by a thief in her home in Harwood Ave last Thursday afternoon. Police said a glass panel in the front door was smashed as the thief entered the property about 1.20pm. When he discovered the 87-year-old woman was home he left, but a gold ladies' Citizen watch is missing. The thief was 175-180cm tall, with shoulder-length black hair and black clothes with a cape-style jacket.

**WAHROONGA** A sweet-toothed burglar broke into a home in Havilah Avenue on Friday and helped himself to lollies and biscuits. Police said the break-in occurred between 7.45am and 6.25pm. Nothing else was stolen.

**MT COLAH** A 20-year-old male was given a speeding ticket and had his licence suspended after he was allegedly caught driving more than 45km/h over the speed limit on the Pacific Highway on Saturday afternoon.

**DURAL** A forged \$100 note was located by a cashier at the ANZ bank at 2pm last Wednesday. The money was being deposited by a Carlingford business.

**From Hornsby Shire Council: Safer pathway for Brooklyn** Posted: Monday 27 July, 2015

Brooklyn's schoolchildren and other pedestrians now have a much safer path thanks to work that's been carried out by Hornsby Shire Council. A culvert that lets water flow beneath Brooklyn Road has been extended by 2.5 metres on each side of the road, allowing for a wider footpath that moves them further from the road.

#### **Thanks to Brian:**

"How long have you been driving without a tail light?" asked the policeman after pulling over a motorist. The driver jumped out, ran to the rear of his car, and gave a long, painful groan. He seemed so upset that the cop was moved to ease up on him a bit. "Come on, now," he said, "you don't have to take it so hard. It isn't that

serious.

"It isn't?" cried the motorist. "Then you know what happened to my boat and trailer?"
