

# Kuring Gai NSW Police Local Area Command (LAC)

**eNewsletter # 176 - 23 February 2015**

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in the Kuring Gai Police Local Area Command (LAC), which includes most of the Hornsby and Ku-ring-gai council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues. [Click here](#) to join our distribution list.

The eNewsletter includes a selection of posts from the Kuring Gai LAC Facebook page (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!"). Have you seen anything we should share with the community? [Click here](#) to email Gordon NHW. We do value your contributions. Thank you for your support.

**23 February: On Sunday, Kuring Gai Police and Neighbourhood Watch (NHW) were out again with the Command bus at the Lunar New Year**

**celebrations at the Ku-ring-gai Town Hall, Pymble.** We estimate around 250 people attended. Our police stall was very popular, as was the craft table for the kids. Thank you especially to Fiona (our Multi-cultural Community Liaison Officer), Mary & her family (East Killara NHW), Tony (Mt Colah NHW) and Sue (Ryde VIP). These guys gave out tons of useful Crime Prevention information, as well as helping with the police organised activities, such as colouring-in, tattoos, stamps, carding making, etc.

We wish everyone a happy Lunar New Year!

**23 February: On Thursday, Kuring gai Police and Neighbourhood Watch (NHW) were represented at a conference hosted by the NSW Police Force**

**Crime Prevention team.** The conference was to help reinvigorate and promote Neighbourhood Watch Australasia. Yes, NHW is still there, still growing, still viable and still needed. There was great information from various stakeholders, showing a way of moving forward utilising technology, such as the weekly eNewsletter that Gordon NHW compile from this Kuring Gai LAC Facebook page.

Please contact our **Crime Prevention Officer, Snr Con Paul Cleary**, if you would like to discuss NHW in your area: **Hornsby Police Station on 9476 9799.**

**P.S.** A pair of prescription sunglasses were left behind in the auditorium. Please contact [Gordon NHW](#) if they're yours.

### **19 February, from Stay Smart Online: Scam traffic infringement notices spread malware: Alert Priority High**

A wave of spam emails claiming to be traffic infringement notices has been targeting Australians. The email includes links that direct a recipient to a website which attempts to both scam the recipient and infect their computer with malware. Traffic infringement notices have become a common approach used by scammers as they are likely to alarm a recipient into a reactive response to click the link. If you receive such an email, **do not respond or click links**.

### **19 February: Report cybercrime to ACORN**

The Australian Cybercrime Online Reporting Network (ACORN) is a national online system that allows the public to easily report cybercrime. Cybercrime is a growing threat in Australia and it's estimated to cost our economy billions of dollars each year. Cybercrime includes:

- Crimes directed at computers or other devices (such as hacking);
- Crimes where computers or other devices are integral to an offence (such as online scams and fraud);

Common types of cybercrime include online fraud, identity theft and attacks on computer systems.

### **18 February: Police are appealing for information after a young boy was approached last Friday in Westleigh.**

About 3.15pm (Friday 13 February 2015), a ten-year-old boy was walking along **Billarga Road, near the intersection of Eucalyptus Drive**. Police were told a man driving a silver vehicle, drove into a driveway on Billarga Road which caused the boy to cross over the street. The car has reversed and parked on the northern side of the road. A man has gotten out of the vehicle and run towards the boy with his arms outstretched. The boy has seen this and ran home and notified his parents about the incident.

Police from Kuring-gai Local Area Command searched the area but could not locate the man or the vehicle. Officers would like to speak with a man who may be able to assist them with inquiries.

**The man** is described as being of Caucasian appearance, about 30-years-old, skinny build with short-dark curly hair, and tanned skin.

**The car** is described as a silver-coloured van or 4WD, with a dinner-plate sized dent and scratch on the front driver's side of the vehicle.

Meanwhile, the incident has again prompted police to encourage parents to discuss the 'Safe People, Safe Places' messages with their children, including;

- Make sure your parents or another adult you know knows where you are at all

times.

- Always walk straight home or to the place you are walking to. Walk near busier roads and streets, or use paths where there are lots of other people.
- Know where safe places are – a shop, service station, police station, library or school. If you are ever frightened, you should go to one of these places and ask them to call the police.
- Learn about safe adults you can look for and talk to if you need help – police officers, teachers at school, adults you know and trust.
- Don't talk to people you don't know and never get into a car with someone you don't know. If a car stops on the side of the road and you don't know the person inside, do not stop.
- If you are scared and can use a phone, call 000 and tell them you are scared.
- If someone tries to grab you, yell out, 'Go away, I don't know you'. This lets other people know you have been approached by someone you don't know.

Police are urging anyone with information in relation to this incident to call **Crime Stoppers on 1800 333 000**.

### **17 February, from Hornsby Advocate: Hornsby residents duped out of thousands by travelling con men posing as tradesmen**

RESIDENTS have been ripped off thousands of dollars by travelling con men posing as tradesmen. **Hornsby, Thornleigh, Pymble and West Pennant Hills** are among a number of Sydney suburbs recently hit, according to NSW Fair Trading. Hornsby Police are also investigating incidents at **Mt Colah**.

“What we are dealing with are con men who have been travelling door-to-door offering to do roofing and bitumen work, in some cases demanding payment up to \$37,950,” NSW Fair Trading Minister Matthew Mason-Cox said.

Anyone who is approached or spots any of these con men is urged to call the **national Travelling Conmen Hotline on 1300 133 408**.

#### **Local victims:**

- West Pennant Hills: roofing work, trading as ‘Premier Home Improvements’ — Victorian licence plates WZN-194 and PUL-810
- Hornsby: roofing work, trading as ‘Academy Roofing and Restoration’
- Pymble: roofing work, trading as ‘Actfast Roofing’ — Victorian licence plate URQ-992
- Thornleigh: roofing work, trading as ‘Roof Tech and Roofing Restoration’

### **17 February: Police are appealing for information following the assault of a man in Neutral Bay earlier this month.**

About 11.20pm (Friday 6 February 2015), a 33-year-old Mosman man left a hotel on Military Road. Police have been told he was followed by another man before

being tackled to the ground and punched in the head near the corner of Young Street and Grosvenor Lane. The offender ran from the scene following the assault.

Emergency services were called and the injured man was treated at the scene by Ambulance Paramedics before being taken to Royal North Shore Hospital where he remains with serious injuries. A crime scene was established and police from Harbourside Local Area Command are investigating the incident. Police are hoping to speak with **a man and a woman depicted in the CCTV images**, who may be able to assist with inquiries.

**The man** is described as being of Caucasian appearance, 180-185cm tall, 25 to 35-years-old, clean shaven, with a slim build, and brown hair. He is shown in the CCTV images wearing a white long-sleeve business shirt, dark jacket, and dark grey business pants. He was last seen on foot going westerly on Grosvenor Lane, before turning onto Young Lane.

**The woman** is described as being of Caucasian appearance, 25 to 30-years-old, with a thin build, pale skin, brown/red hair. She is shown wearing dark framed glasses, dark long sleeve top with horizontal thin red stripes, dark pants, black high heel shoes, and carrying a handbag.

Police are urging anyone with information about the incident or who knows the identity of the man and woman in the images to come forward. Police are urging anyone with information in relation to this incident to call **Crime Stoppers on 1800 333 000**.

**From the Hornsby Advocate (online 23 February): A woman has been taken to Hornsby Hospital with minor injuries after losing control of her car which flipped onto its roof in Myra St, Waitara a short time ago.** Police and NSW Fire & Rescue are at the scene. Police said the driver, believed to be in her early 30s, was the only person in the car, an Audi. After it flipped it hit a parked car. Traffic is being diverted onto Park Lane and Edgeworth David Ave.

### From Hornsby Shire Council: ROAD RULES AWARENESS WEEK

This week is Road Rules Awareness Week, an initiative from the Centre for Road Safety to encourage all road users to brush up on their knowledge of the road rules. To acknowledge the week, and help Hornsby Shire residents clarify any road rules they are uncertain about, we will be sharing some of the Top 10 misunderstood road rules. You can also check out the full list, and get more information by visiting the Centre for Road Safety's website, [click here](#). [They have a good video about roundabouts - ed]

## **Mobile phones:**

A mobile phone may only be used while driving:

- If it is secured in a commercially manufactured and designed mounting which is fixed to the vehicle and does not obscure the driver's view of the road, or
- If it can be operated by the driver without touching any part of the phone, for example through the use of Bluetooth technology or voice activation.

While driving, a mobile phone cannot:

- Rest on the driver's leg, between the shoulder and ear, or on any other part of the driver's body,
- Be used for text messaging, video messaging, emailing or similar, or
- Be held in the driver's hand other than to pass it to a passenger.

Drivers can only use a hand-held mobile phone if their vehicle is parked in an authorised parking spot. They cannot use a hand-held mobile phone while stopped at traffic lights.

Drivers may use the navigational or GPS function and audio functions of a phone while driving, provided the phone is secured in a fixed mounting.

Learner and P1 drivers are not permitted to use any function of a phone while operating a vehicle.

## **From the Hornsby Advocate, 19 February:**

### **Man faces court over bomb scare inside mall**

A 48-YEAR-OLD Newcastle man was due to front Central Local Court yesterday on charges relating to Friday's bomb scare in Hornsby Mall. Police said the man was facing a number of fraud charges and a charge of conveying false information in relation to public property. Hornsby Mall was brought to a standstill just after 3.30pm after a suspicious bag was allegedly left at the Blu Water Grill restaurant. Police evacuated the mall and the dog squad was called in followed by the Police Rescue and Bomb Disposal Unit. After the bag was given the all-clear, the mall was reopened just before 6pm.

Hornsby Mayor Steve Russell praised the work of the police. "It's a shame that this sort of behaviour has come to Hornsby and hopefully this won't happen again," he said. "I would like to commend the police on their prompt response and thank them for the way they are carrying out their duties."

### **Policing report: bad news DRUG USE, DOMESTIC VIOLENCE UP [extracts]**

The statistics show drugs have tightened their grip on the city, rates of domestic violence remain stubbornly high, and online scammers and petrol thieves have had a field day.

But the good news is that the number of assaults is high but steadily declining, gun crime is down, and robbery, theft and property crime continues to fall.

According to Dr Don Weatherburn, the bureau's director, the biggest worry is the alarming rise of the drug "ice" – a highly addictive and very destructive methamphetamine.

"None of the campaigns that have tried to reduce domestic violence have had any effect at all."

### **STREET WATCH:**

**3 HORNSBY** A man was seen going through letterboxes at Horizon Towers on the Pacific Highway, about 4am on Tuesday. It is unknown what mail was taken. The man was about 20 to 30 years old, wearing a blue cap, black singlet with a picture on the front, black shorts and thongs.

**4 BROOKLYN** The top half of a mannequin was stolen from the veranda of a property in Dangar Rd, Brooklyn, between 12.05am and 10am on Saturday. Police said the mannequin was dressed in a white T-shirt with the inscription "Zombie Marshmallows" on it. Also missing is a sarong in pink and teal colours. The items were valued at about \$300.

**5 NORMANHURST** A thief broke in and stole a wallet from a property in Hinemoa Ave, Normanhurst, while the owner slept, between 11pm on Sunday and 6.30am on Monday. Police said the thief entered through an open window.

**7 BROOKLYN** A mobile phone was stolen from a bag belonging to a 67-year-old woman while she was sitting at a cafe in Brooklyn on Monday afternoon. It is described as an Apple iPhone 5, grey in colour.

**6 GLENORIE** About six metres of stainless steel railing was stolen from the top of a stone retaining wall of a vacant shop in Old Northern Rd, Glenorie, between 8am on Saturday and 8am on Sunday. Police said the railing was valued at \$4500.

**9 WEST PENNANT HILLS** A handbag and cash were stolen from a property in Highs Rd, West Pennant Hills, on Monday night. Police said the thieves gained entry through an open garage door.

### From the North Shore Times, 20 February:

**3 ST IVES** Unregistered motorbikes worth \$1500 and \$4000 as well as a \$4000 mountain bike were stolen from three garages in the same unit block in Stanley St between 2pm on Saturday and 8pm on Sunday. Garage doors were forced open in all cases. Police said the most common method of getting into these storage areas was tailgating a car as it entered or left the unit complex. Thieves use the delay in the door closing to sneak in. Police encouraged residents to stop and wait for the garage door to fully close. Just 15 seconds out of your day may prevent someone breaking into the storage cages.

**5 TURRAMURRA** A basket and two tents were stolen from a garage in a unit complex in Eastern Rd between 6pm on Friday and 9pm on Sunday. The garage door was forced and thieves smashed a hole through an adjoining garage wall. A wooden luggage basket, about 1.5m high and 50cm wide, plus an old brown tent and old orange tent were taken. Nothing was reported stolen from the adjoining garage.

**6** **WARRAWEE** Mail was stolen from a letterbox in Cherry St between Tuesday and Saturday. The victim was expecting a card from the Commonwealth Bank and had to cancel it.

### **From Neighbourhood Watch in Ryde command: What is Suspicious Behaviour?**

Suspicious behaviour can refer to incidents, events, individuals or circumstances that seem unusual or out of place.

Sometimes it can be confusing to know what to report and when to report it. Below is a list of examples of suspicious behaviours;

If you see similar activities occurring, we recommend you need to report it to Police.

- A person carrying property; such as computer equipment, stereo, office equipment, or a locked bike, at an unusual time or location;
- Someone going door-to-door in an office building or residential area without proper identification;
- A vehicle cruising the streets repeatedly. This person may be looking for an opportunity to steal unattended property from unsecured offices or homes;
- Anyone forcing their way into a locked vehicle. This is highly suspicious especially at night and in isolated parking areas;
- Business transactions being held at a vehicle or a high volume of traffic going to and coming from a home on a daily basis. Someone could be conducting an illegal drug or stolen property sale;
- One or more people sitting in a parked car or on a front fence checking out the area. They may be lookouts for a crime in progress such as burglary or break and enter/robbery or for planning a crime;
- Someone being forced into a vehicle. This may be abduction;
- A person showing unusual mental or physical symptoms. He or she may be injured in an accident, be under the influence of illegal drugs or prescribed medications, or need other medical or psychiatric help.
- Strange or unusual noises. Gunshots, yelling, fighting sounds, dogs barking incessantly, loud vehicle tyre squealing.

Remember – A quick and accurate description of events, vehicles and persons can make all the difference in stopping a potential criminal.

Any type of activity or circumstance that seems unusual should be reported to the

police. A person isn't suspicious, their behaviour is!

**Report Suspicious behaviour to Police Assistance Line on 13 14 44 or Crimestoppers on 1800 333 000.**
