

Kuring-gai NSW Police Local Area Command (LAC)

eNewsletter # 259 - 19 September 2016

This weekly eNewsletter is compiled by Neighbourhood Watch volunteers as a service for residents in the NSW Police Force Kuring-gai Local Area Command (LAC), which includes most of the Hornsby and Ku-ring-gai council areas. The eNewsletter is a new type of Neighbourhood Watch; utilising the available technology to keep people more connected and up-to-date with local crime and safety issues.

The eNewsletter includes a selection of posts from the Kuring Gai LAC Facebook page [click here](#) (also known as 'eyewatch'), primarily for those not familiar with Facebook. We add anything interesting from a Neighbourhood Watch point-of-view - this could be a local newspaper article, a roadwork warning, crime prevention tip(s), an upcoming Neighbourhood Watch meeting, Q&As from residents, or an item from an other Police command ("Crooks know no boundaries!"). Have you seen anything we should share with the community? [Click here](#) to email NHW in Ku-ring-gai and Hornsby. We do value your contributions. Thank you for your support.

Please feel free to share/forward this eNewsletter with your friends, family, colleagues and neighbours. **To subscribe, [click here](#).**

16 September: Would you like the chance to Adopt a NSW Police Force Training Dog?

From time to time the Police Dog Unit - NSW Police Force has dogs that lack the necessary qualities, behavioral traits and working drive that is required to become a fully operational Police Dog. Although these dogs are not suitable for a career in policing, they would make excellent companions for an individual or family.

Through our 'Adopt A Training Dog' program we sometimes offer these dogs for sale to members of the public. If you are interested in joining the program, please head over to our website and complete the application form to be added to the list and notified when new dogs become available for sale.

15 September: Credit cards and fraud!

Tap and go, pay pass, pay wave, these are all different names for the same thing, RFID chips (wireless antennas) inside all credit cards that bypass ANY security you thought you had. Lose your card or if it's stolen a thief just taps away and gets freebies. Yes, a bank may very well reimburse you so you don't lose out, but here's 2 things to consider.

1. The bank won't lose out, someone else pays (you & other credit card holders through fees and charges).
2. The inconvenience of having to change all your direct debit numbers or remembering a new 16 digit card number.

Be on guard for people hanging around close to you

Keep purses and wallets secure

Keep purses zipped up and always on your person (never put it down).

One lady recently had her wallet in a backpack which was 'popped' open and her wallet stolen in just a few seconds. Look at the article below; this is in S.A. but you need to be aware.

Article from 9News.com.au here: **Tap-and-go credit cards behind theft spike in South Australia**

Police have blamed tap-and-go credit cards for an increase of wallet and bag thefts across South Australia, and urged people to treat their cards like cash.

15 September, from our neighbouring Hawkesbury command: Police from Hawkebury LAC perform varied roles in delivering a policing service to the community.

One of those roles in the attendance at Court where we are often confronted with situations similar to the one shown below. (Well, a little bit similar!)

15 September, from NorthConnex: Update from NorthConnex [edited]

NorthConnex is a nine kilometre tunnel that will link the M1 Pacific Motorway at Wahroonga to the Hills M2 Motorway at West Pennant Hills, removing around

5,000 trucks off Pennant Hills Road each day.

As part of the ongoing M1 Pacific Motorway widening work, vegetation and tree removal will be carried out behind noise walls on the M1 Pacific Motorway at Wahroonga. Work will start on 19 September 2016 and is expected to take eight weeks to complete, weather permitting.

We thank you for your patience, and if you have any questions or complaints, please don't hesitate to call us on **1800 997 057**, email **enquiries@northconnex.com.au** or visit the **NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills**, open weekdays from 9am to 5pm.

14 September: The NSW Police Force believes that community engagement is the foundation on which local policing should be built.

This independently run survey gives you the chance to have your say in how you think police currently engage with the many NSW communities, and how they could engage with communities into the future. We want to hear from every member of the community.

If you provide your contact details, you automatically go into a draw for an iPad mini.

The survey is open until **Friday 23 September**, [click here](#).

14 September: Did you know the NSW Police Force now utilise drones as part of rescue operations?

Remotely Piloted Aircraft Systems are used for land search operations, emergency management, vertical rescue and policing operations. This capability is another tool in the box for the [Rescue & Bomb Disposal Unit - NSW Police Force](#) & all PRS across NSW.

13 September, from Macquarie Fields command: SEE SOMETHING SUSPICIOUS? - WHO CAN YOU CALL

The National Security Hotline 1800 123 400 is a vital component of Australia's national counter-terrorism efforts. A significant number of reports to the Hotline have contributed to investigations or initiated new ones. The nature of terrorism is changing, with callers providing information on the use of websites or social media platforms promoting violent extremist ideology, suspicious travel planning, and reports from people concerned that someone they know is becoming radicalized towards violent extremism. Even if you think it's probably nothing, the smallest piece of information can be valuable. If something doesn't add up, speak up by calling the **National Security Hotline on 1800 123 400**.

Not sure if it's terrorism related? Call **CRIME STOPPERS 1800 333 000**

Just last year, 322,000 contacts from the public were made to Crime Stoppers resulting in 14,000 intelligence reports, almost 7000 arrests and 20,000 charges Australia-wide.

From the North Shore Times (Facebook), 16 September: Suicide needs to be 'dinner table conversation', grieving mum says

THE mother of a “gorgeous” and “happy girl” who took her own life earlier this year says suicide needs to become “dinner table conversation” and “not a dirty word”. Losing her 13-year-old daughter to suicide four months ago, Nikki Hamer Aldersey has experienced the “debilitating” grief one would expect from losing a child. But what the north shore family did not expect was the “isolation and alienation” that followed.

SIGNS OF DISTRESS

What to watch for:

- Withdrawing socially
- Showing lost pleasure in things they enjoyed
- Expressing hopelessness
- Starting to get rid of their possessions or pets
- Talking themselves down, e.g. "you would be better off without me"

What to do:

- Ask them directly "Are you thinking about suicide?" Make sure you ask directly and unambiguously.
- If they say 'yes', allow them to express how they are feeling. Don't leave them alone. Get help.

From CONSUMER REPORT Safety Alert 14 September: Grill Brushes Can Pose a Surprising Risk

You might want to change your grill-cleaning tool. Last year, a 16-year-old girl in Delaware with severe pain in her abdomen was rushed to the emergency room after an X-ray showed a foreign object in her colon. After learning the girl had recently eaten food cooked on a grill, doctors were able to determine what was causing her discomfort: a wire bristle that had come loose from a grill brush used to get rid of food debris on the grill's cooking surface. She underwent surgery to remove the nearly half-inch-long bristle from the grill brush.

From In The Now 14 September: This is the worlds first airbag for cyclists!

This is the world's first airbag for cyclists and is the result of intensive research since 2005. Through advanced sensors, it can sense the cyclist's movement patterns and will react in case of an accident. The unique airbag will then inflate, fixate your neck and provide the world's best shock absorption.

From the Hornsby Advocate, 14 September: Trolley owners given two weeks to clean up the streets

RETAILERS have been given a two week ultimatum to come up with a solution to the trolley trashing problem residents have endured for nearly two decades. Major retailers met with Hornsby Council last week to determine the best possible solution to the issue. Councillor Nathan Tilbury said council will enforce a strict impound policy for trolleys they find abandoned in our streets.

From 'Our 20 Favourite Crime Prevention Tips for New Neighbours':

1. IDENTIFY YOUR 6 IMMEDIATE NEIGHBOURS — 2 TO YOUR LEFT, 2 TO YOUR RIGHT, ACROSS FROM AND BEHIND YOU. Make an effort to get to know them and swap contact details.
2. SUGGEST AN ARRANGEMENT WITH NEIGHBOURS FOR WHEN ANY OF YOU ARE ON VACATION, eg for clearing the local newspapers, putting out & retrieving garbage bins, clearing mailboxes, parking in driveways/spaces, etc.
3. JOIN IN WITH NEIGHBOURHOOD WATCH. They are your eyes and ears when you aren't at home. Contact your Crime Prevention Officer to find out about a group in your area. Maybe set up an 'eWatch' for your street or building?
4. INTRODUCE YOURSELF TO YOUR LOCAL POLICE STATION. Where should you park? What information is available there? When is it manned?
5. LOOK FOR YOUR LOCAL POLICE ON FACEBOOK FOR UP-TO-DATE WARNINGS & INFORMATION. <like> them at [facebook.com/KuringGailAC](https://www.facebook.com/KuringGailAC). Consider joining local social groups to meet new people, eg [facebook.com/NorthShoreMumsGroup](https://www.facebook.com/NorthShoreMumsGroup) or Neighbourhood Watch in your area.
6. STORE YOUR NEW EMERGENCY PHONE NUMBERS IN YOUR LANDLINE AND MOBILE PHONES. Include Hornsby Police Station: **9476 9799**, Gordon Police Station: **9418 5399**.

Request your copy and more from NHWGordon@gmail.com

QUICK TIP: Photocopy both sides of all the cards in your wallet. Not only do you have all the card data, you have the contact numbers for in an emergency. Protect your wallet. Lucky Door Prizes at the Roadshow Wed 05 Oct (see over) are RFID protection wallets & bags, thanks to Stranbags. These stop the 'sniffing' of your personal details by criminals.
