Newsletter # 113 - 25 November 2013

This email is compiled by Neighbourhood Watch volunteers as a service for residents in the Kuring Gai Police Local Area Command (LAC), which includes the Hornsby and Ku-ring-gai areas. Anyone may join our distribution list by emailing: [NHWGordon@gmail.com](mailto:NHWGordon@gmail.com).

Each weekly update includes a selection of 'posts' from the Kuring Gai LAC facebook page (also known as 'eyewatch'). One important post on the Monday is the Media Release from our Crime Prevention Officer.

We add to this all the other stuff we find interesting from a Neighbourhood Watch point-of-view. It could be local newspaper articles, roadwork warnings, crime prevention tips, Neighbourhood Watch meetings and relevant tit-bits gleaned from residents, or other Commands. Have you seen anything we should share with the community?

**22 Nov: DRUG WARNING** - The State Crime Command's Drug Squad has today issued a drug warning after two recent seizures of tablets which contained dangerous levels of 25I-NBOMe, an extremely potent hallucinogenic substance responsible for a number of deaths in Australia and overseas.

The Commander of the Drug Squad, Detective Superintendent Nick Bingham, said 25I-NBOMe was the primary ingredient in the tab Sydney teenager, **Henry Kwan**, ingested shortly before jumping to his death from a balcony in **Killara** in June.

"25I-NBOMe, which mimics the effects of LSD, can have a shocking impact on a person's mental state, sparking bizarre and dangerous behaviour that has resulted in people being killed," Detective Superintendent Bingham said.

"It was outlawed in NSW in September, but we have recently detected traces of it in two large batches of tablets which we believe were to be sold as ecstasy."

The tablets, which were seized by police during separate raids in Lidcombe in July and in Bella Vista earlier this month (November), have distinct logos and appearances.

The batch seized in July contained a large number of off-white tablets marked with the letter "L" intersecting the letter "V".

The batch seized earlier this month contained a large number of speckled, peach-coloured tablets marked with a lightning bolt.

Detective Superintendent Bingham said people needed to be aware that when it comes to illicit and synthetic drugs, there is no way of knowing exactly what you are consuming.

"There's no quality control in the production of illicit and synthetic drugs," Detective Superintendent Bingham said.

---

“The people who purchased these tablets would have been expecting an ecstasy-like effect.

“However, based on our testing, the effect would have been far more hallucinatory and could very well have resulted in severe psychotic episodes, leading to reckless behaviour and self-harm.

“Anyone who is considering experimenting with illicit or synthetic drugs should stop to consider the possible consequences and not do it. It’s a gamble with your life that’s just not worth taking.”

Anyone with information about illicit drugs should call Crime Stoppers on 1800 333 000 or use the Crime Stoppers online reporting page: <https://www1.police.nsw.gov.au/>. Information you provide will be treated in the strictest of confidence. We remind people they should not report crime information via our Facebook and Twitter pages.

### **19 Nov: Wild storm hit's Hornsby 18 November (24 photos)**

A wild storm hit the Hornsby area just after 2pm. The Wind was described as a

---

mini tornado, it left a path of destruction only 50m wide. It appeared to start at the Hornsby Tafe, onto Westfield and Waitara. Then headed to Manly. Large Gums some 50m tall were brought down by the wind. The ground beneath the gums would have been weakened by recent hot dry weather then being saturated by days of torrential rain. These photo's were taken about 5.30pm as the clean up was in full swing. Thankfully only some minor injuries occurred. But roofs were torn off in Westfield The Hornsby Inn and the TAFE building. Dozens of cars were crushed. CPO Cleary.

### **19 Nov: Q. Where is the lesson in this incident?**

Incident: Offensive language and resist arrest

Time/Date: About 3.20pm on Friday the 15th

Place: Carlotta avenue, Gordon

Vehicle 1: Toyota Hilux

Driver 1: 19 year old male from Ermington.

Details: A HWP patrol officer stopped the Hilux for a traffic offence. After giving the 19 year old driver infringements, the driver is alleged to have sworn at the officer. The male was warned that swearing was an offence, to which the male is again alleged to have sworn at the officer. The officer returned to the driver soon after and handed him an infringement notice for his outburst of offensive language. The male still unhappy with his "treatment"™ threw the notice on the ground. The

19 year old was told to pick it up as it was littering which was an offence. The male picked up the notice and as the officer returned to the police car the male once again is alleged to have sworn at the officer. The officer has now attempted to arrest the male who allegedly struggled with the officer. The male was eventually handcuffed and taken to the police station and formally charged.

Court: The driver is to appear at the Hornsby local Court on the 4th of December charged with resist/hinder police and offensive language.

SOUTH TURRAMURRA

# Bushfires deliberately lit, says RFS officer

Tom Westbrook

FIREFIGHTERS extinguished two bushfires at South Turrumurra on Friday, which they believe were deliberately lit.

“From where it started, along a walking track and there have been no storms or lightning in the area, you can probably be pretty confident it wasn’t a natural ignition,” Hornsby Ku-ring-gai RFS district services officer Kane Lambkin said.

Fire and Rescue NSW crews from Gordon and Beecroft, as well as an RFS crew, were called to the fire, which was burning beside a walking track north of Koombalah Ave.

They discovered a second fire 400m away. Both were extinguished by 9.05am.

It follows continuing police investigations into how a fire started at West Pymble on November 8.

Two aircrews and 49 firefighters were called to that fire, which at one stage was within 30m of homes. It was contained before any properties were damaged.

42 million passwords were hacked from an Australian online dating site (Cupid Media) and found on a server earlier this year. The story is worrying, however the bigger worry is the setting of each password. Please review your passwords! Please don't make them as obvious as these:

**"123456" was the password for 1,902,801 Cupid Media records. And the password "aaaaaa" was employed in 30,273 customer records.**

**From Our 20 Favourite Crime Prevention Tips for Car Owners:**

**Tip #3:** ENSURE YOU HAVE REMOVED ALL PROPERTY FROM VIEW [mobile phone, sunglasses, CDs (burn copies?), bag, wallet, loose change, clothing, laptop, ipod]. EITHER TAKE IT WITH YOU, OR LOCK IT IN THE BOOT. REMOVE ALL SIGNS THAT PROPERTY MAY BE IN THE CAR. eg no blankets covering tempting lumps on the back seat, no carrier bags.

**Tip #7:** STAY ALERT WHILE APPROACHING YOUR CAR. LOOK AROUND AND INSIDE THE CAR BEFORE GETTING IN.

**Tip #12:** DISPLAY A SIGN "ALL VALUABLES HAVE BEEN REMOVED FROM THIS VEHICLE". CONSIDER LEAVING THE GLOVE BOX AND/OR CENTRE CONSOLE OPEN. This proves to thieves there is nothing worth taking.

**Tip #14:** REMEMBER TO TAKE YOUR PARKING TICKET WITH YOU. This makes it difficult for the thief to steal your car.

**Tip #19:** LOCK CAR DOORS WHEN TRAVELLING AT NIGHT. DON'T STOP TO ASSIST A STRANGER WHOSE CAR IS BROKEN DOWN. Instead, help by phoning the Police.
