Newsletter # 159 - 27 October 2014

Apologies for the two missing week's newsletters. Our roving reporter roved to an area with no internet, on a well-earned break; the first break in delivery in over three years! We didn't warn you, because we didn't want the burglars to know. Thank you for all the emails of support - it's nice to know we were missed.

This email is compiled by Neighbourhood Watch volunteers as a service for residents in the Kuring Gai Police Local Area Command (LAC), which includes the Hornsby and Ku-ring-gai areas. Anyone may join our distribution list by emailing: NHWGordon@gmail.com.

Each weekly update includes a selection of 'posts' from the Kuring Gai LAC Facebook page (also known as 'eyewatch'). One important post on the Monday is the Media Release from our Crime Prevention Officer.

We add to this all the other stuff we find interesting from a Neighbourhood Watch point-of-view. It could be local newspaper articles, roadwork warnings, crime prevention tips, Neighbourhood Watch meetings and relevant tit-bits gleaned from residents, or other Commands. Have you seen anything we should share with the community?

Please continue to email us anything that others may appreciate: NHWGordon@gmail.com. Thank you.

Place: Coronation street, Hornsby

Vehicle: VW Golf

Driver: 50 year old male

15 October: House fire after lightening strike.

During last nights storms which smashed the Sydney area a home on Pennant Hills road Normanhurst was hit by lightening. About 10.45pm the home owner an 81 year old lady was sitting inside with a friend when a massive crack of thunder hit, this was immediately followed by a lightening strike. It is unsure if a power pole outside or the house itself was hit but the strike caused most of the homes power points and light fittings to be blown off the walls. A fire started in a few walls with the owner and her friend 'hurrying' outside. Thankfully the fire brigade arrived quickly and put the fire out. Damage appears to be contained to most of the homes wiring and a few walls, there is no structural damage. The owner made alternate arrangements for the night. A number of neighbours also reported sparks coming out of their power points during the same time, so it was a big hit. Thankfully no one was injured, although I'm not sure about their hearing.

15 October: New law from today - Just remember there are changes to guidelines on when to call police for an vehicle collision.
