

Kuring Gai NSW Police Local Area Command (LAC)

Newsletter # 166 - 15 December 2014

This email is compiled by Neighbourhood Watch volunteers as a service for residents in the Kuring Gai Police Local Area Command (LAC), which includes the Hornsby and Ku-ring-gai areas. Anyone may join our distribution list by emailing: NHWGordon@gmail.com.

Each weekly update includes a selection of 'posts' from the Kuring Gai LAC Facebook page (also known as 'eyewatch'). One important post on the Monday is the Media Release from our Crime Prevention Officer.

We add to this all the other stuff we find interesting from a Neighbourhood Watch point-of-view. It could be local newspaper articles, roadwork warnings, crime prevention tips, Neighbourhood Watch meetings and relevant tit-bits gleaned from residents, or other Commands. Have you seen anything we should share with the community?

Please continue to email us anything that others may appreciate: NHWGordon@gmail.com. Thank you.

15 December: Apologies for the delay in uploading these photos from the Rofe Park Christmas Spectacular on Saturday 06 December. These were taken after the Crime Prevention stall was set up, but before the deluge hit! Between 5pm and roughly 7:30pm we had a very successful time. Our local Crime

Prevention Officer S/C Paul Cleary and some helpful Neighbourhood Watch volunteers provided Crime Prevention literature to the community, as well as helping with the making of Christmas cards featuring Constable Charlie, the Police Mascot. Thanks to the volunteers, and to [Neighbourhood Watch Australasia](#) for help with the funding of the NHW volunteers' T-shirts, the NHW banners and the many plastic goodie bags used for all the Crime Prevention literature and give-aways. Shame about the rain - maybe see you next time?

15 December: If you have any information to report about the situation at Martin Place, call **Crime Stoppers on 1800 333 000**. You can also contact the **National Security Hotline on 1800 1234 00**.

About 8pm a number of people heard someone calling for help from bushland near the Comenarra Parkway. Police, the dog squad and ambulance helicopter attended the scene. Police made further inquiries and found out the missing man had managed to find his way out of the bush and arrived home about 9.30pm.

15 December, from the Hornsby Advocate: THIEVES are using tradesmen-style clothing as a cover to break in to properties on the upper north shore, police warn.

Ku-ring-gai Local Area Command crime prevention officer Paul Cleary said there had been several instances over the past few months. "Fluorescent shirts are the trend at the moment with break and enters," he said. "They try to blend in with a tradie look." The latest incident occurred last Tuesday when two people wearing fluorescent orange shirts were spotted at a property in Bristol Ave, Wahroonga. A short time later a cleaner arrived and discovered that some of the rooms at the home had been ransacked..

Snr Constable Cleary said a crowbar had been used to force open a window. "It's unknown what property has been taken at this stage," he said. "Anybody sighted in fluorescent vests who don't appear to belong to a certain address, call police straight away."

12 December, a warning shared by a Kuring Gai LAC resident:

Just a warning for everyone to be extra careful when using ATMs!!! Today while withdrawing cash at Westfield Hornsby just after I pulled my card out of the machine and just before I pulled my cash out someone walked passed and bumped into me quite hard!!! While I was distracted by the person that "bumped" into me my cash was taken out of the machine!! It has been reported but I was told it's quite common!! Be extra careful when using atm's and don't let anything take your attention away from what your doing!

06 December, from Nelson StreetCare: On the evening of Tuesday 06 December, our StreetCare site had an unfortunate visitor. A local Nelson Street lady was out teaching her daughter to drive. Approaching Nelson Street from Clifford Street she failed to take the bend and went over the fence to the lower road. Luckily no one was hurt, though a tad shocked. Neighbours ran to assist the couple to climb out of the car, and called Triple Zero. Two ambulances, a Paramedic vehicle, the local Police from Kuring Gai command and a Fire vehicle attended. The firies helped to right the car and clean the leaking fluids etc. Thank you to all those neighbours who helped. Thank you to all the emergency people

who attended. And our good wishes to the mother, and especially the daughter, who may not want to get back behind a steering wheel for some time.

08 December, from Crime Stoppers: KEEPING YOUR HOME SAFE (Part 6 of 7)

A large number of home burglaries are easily preventable by introducing a number of simple and inexpensive changes to your home.

AVOID:

- Leaving doors and windows open when you leave the house despite how long you will be absent for.
 - Leaving side gates and garden sheds unlocked.
 - Hiding keys anywhere outside your home because thieves look in all these places to gain easy access.
 - Placing personal details such as your name, address and telephone number on your keys.
 - Leaving large amounts of cash inside your home.
 - Leaving cars unlocked in the driveway.
 - Leaving notes on the door stating that you are away... or when you will be returning.
 - Giving personal information to a caller you don't know
 - Letting callers know you are home alone.
 - Posting to social media that you are on holidays or not at home.

12 December, from Hornsby Shire Council: **HARMFUL ALGAE RECORDED AT BEROWRA WATERS**

Hornsby Shire Council is giving precautionary advice regarding harmful algae at Berowra Waters for public awareness. Highly elevated levels of potentially harmful algae have been recorded at Calabash Bay and Berowra Waters. These algae come from the genus *Alexandrium*, *Dinophysis*, *Karenia*, *Prorocentrum* and some *Cochlodinium* and *Chattonella*.

These algae can be **harmful to human health** and it is advised not to eat wild stocks of shellfish, which includes oysters and mussels, in this local area. **Swimming and contact with water should be avoided** until further advice is received from the NSW State Government.

Algal bloom alerts are issued by the Regional Algal Coordinating Committee, who are responsible for local management of algal blooms. The committee is yet to advise formally on this situation. If an algal alert is issued, information will be available through the **NSW Algal Hotline on 1800 999 457** or by visiting www.water.nsw.gov.au.

It is anticipated that this bloom will dissipate as natural conditions change.

For further information on this precautionary advice, please contact **Dr Peter Coad from Hornsby Shire Council on 0438 103 146.**

From the Hornsby Advocate, 11 December:

BE AWARE, BUT NOT ALARMED, ABOUT BAG THEFT

Kuring-gai LAC is issuing a warning to women who carry and use handbags. Please make sure you know exactly where your handbag is at all times. We advise to physically hold your bag at all times when in public, and never leave it in a shopping trolley or on the top of a pram. Make sure it is zipped up so the contents cannot be stolen. We have

taken reports where victims have had purses or wallets taken from a handbag that was unzipped or unattended. Thieves will wait for the opportune time to strike. After the purse is taken the credit and debit cards are used to commit frauds. Tell all your friends and relatives to be aware, but not alarmed.

Detective Inspector Jon Gross
Kuring-gai LAC

3 ASQUITH Two men were seen walking from a property in Royston Pde, Asquith, about 3.15pm on Tuesday. The owner found that her house had been ransacked and a large amount of jewellery stolen. The burglars broke in by smashing through a side sliding door.

5 HORNSBY A black suede handbag worth \$200 was stolen from the display table of a shop at Westfield Hornsby between 9.40am and 9.50am on Tuesday. Police want to speak to a woman described as being about 55 years old, of caucasian appearance, medium build, short red hair, and wearing a black and white polka dot top and black business pants.

Hornsby Shire Council and Roads and Maritime Services (RMS) are introducing 40km/h speed limits on some roads which have a high number of pedestrians. These will be clearly signposted.

RMS and Council are jointly funding this road safety initiative.

Why lower the speed limit?

Lower vehicle speeds result in fewer pedestrian injuries and deaths. If a vehicle travelling at 50km/h hits a pedestrian, it is twice as likely to kill the pedestrian that if it was travelling at 40km/h.

Driving at lower speeds improves a driver's ability to stop and avoid hitting a pedestrian, and if pedestrian crashes do occur they are less severe, especially for children and elderly pedestrians.

Where does the new speed limit apply?

The 40km/h speed limit will be signposted on the following roads in Hornsby Town Centre where there is high pedestrian activity and significant traffic volumes: Peats Ferry Road, Coronation Street, Dural Street, Dural Lane, William Street, Ashley Lane, High Street, Station Street and Jersey Lane.

The 40km/h speed limit is enforceable and normal enforcement procedures will apply.

So when you drive on these roads with high levels of pedestrian activity look out for the new 40km/h signs.

Please drive at 40km/h and help improve local road safety.

LOW SPEED. LESS RISK.

From the North Shore Times, 12 December:

THINK AHEAD WHEN DRINKING THIS FESTIVE SEASON

Police would like to remind people to enjoy the lead up to Christmas responsibly and moderate their intake of alcohol, particularly if there are plans to drive. Alcohol will take some time to break down in the body. While you may

initially feel OK, your judgment may still be impaired for some time. Police will be maintaining operations targeting alcohol related crime and anti-social behaviour.

Senior Constable Craig Tonks
Chatswood Police Station

Selected HOME THEFT PREVENTION TIPS from neighbouring Eastwood Neighbourhood Watch groups:

Thieves are often watching for homes that look empty, particularly during school holidays, as they know this is a popular time to go away. Follow our advice to help prevent your household falling victim to burglars:

- Try not to take a taxi to the airport. If you do, use a taxi company you can rely on, don't discuss your holiday plans and make it sound like you have a house-sitter, whether you do or not.
 - Do not put your home address on your luggage when you are traveling to your holiday destination. A phone number and postcode will suffice if you want to label your luggage.
 - If you normally leave bicycles or similar items in your shed, lock it, or consider putting them in the house.
 - Don't post public messages on social media that you're away from home.
-

How do you know when

From Neighbourhood Watch Australasia: Let's face it, dogs are not only "man's best friend", they can also be a burglar's worst enemy.

Simple tip #2 - A Loud Dog

In fact, it was the very loud barking of my neighbours dog that alerted me to the van and two men visiting their house, uninvited in the middle of the day. I don't know who got the bigger shock, me yelling out, the two men who scurried off, or the dogs. Police reports state that most burglars avoid houses with dogs. Burglars don't want to be seen or caught; they also want to avoid pain! Even small, noisy dogs - can be an effective deterrent. And while you might feel safer with a large dog that could do bodily harm, the most important aspect is having a dog that sounds an alarm with its bark.

A few years ago a friend of mine even bought a recoding of a barking dog, to use as a deterrent. Just saying!
