

Our 20 Favourite Crime Prevention Tips for

CAR OWNERS

1. When you leave your car unattended (even short periods), close all windows, remove key from ignition and lock all doors. Remember, it's an offence under the Aussie Road Rules to leave your car unlocked.
2. Don't hide spare keys on your vehicle. Don't kid yourself—thieves know ALL the best hiding places!
3. Ensure you have removed all property from view [mobile phone, sunglasses, CDs (burn copies?), bag, wallet, loose change, clothing, laptop, iPod]. Either take them with you, or lock them in the boot. Remove all signs that property may be in the car, e.g. no blankets covering tempting lumps on the back seat, no carrier bags.
4. Remove any GPS (mapping/navigational system) from sight. If it was mounted on the windscreen – remove the tell-tale mark.
5. Do not overload vehicles. Know your vehicle's limit. It's worth making two trips.
6. Park in well-lit, high pedestrian areas, preferably with CCTV. Avoid car parks with a history of break-ins.
7. Stay alert while approaching your car. Get your keys out of your bag ready. Don't click the remote control until you are close to your vehicle. Look around and inside the car before getting in.
8. Consider installing a high-quality alarm, tracking/security system and/or locking devices on the steering wheel or transmission shift – all good deterrents. The most effective car alarms are switched-on people!
9. Consider installing a fuel cut-out switch and/or engine immobiliser—the most effective way to beat a thief.
10. Don't leave personal papers such as licence or registration in your vehicle. They may be used to dispose of the vehicle. However, do keep with you a note of your vehicle registration and information number (VIN).
